2.2.2 One-Stop Solution - Full Production Process

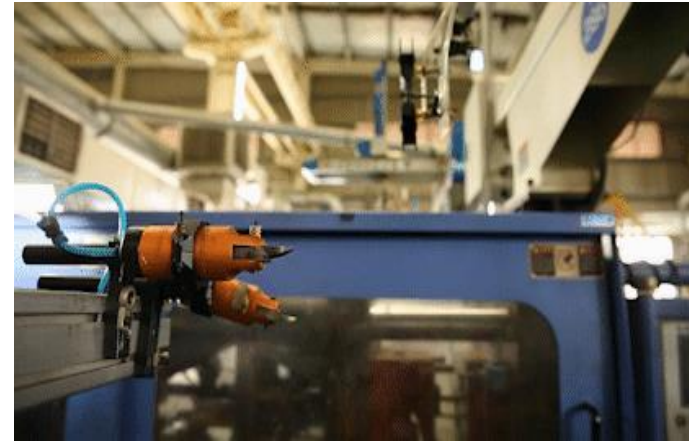

2.2.3 One-Stop Solution - Mold Development

Self-made Mold Factory

- CNC five-axis machines
- Electrical discharge machines
- Deep hole drilling machines
- Mold matching machine
- Imported from Taiwan.

2.2.4 One-Stop Solution - Production Support

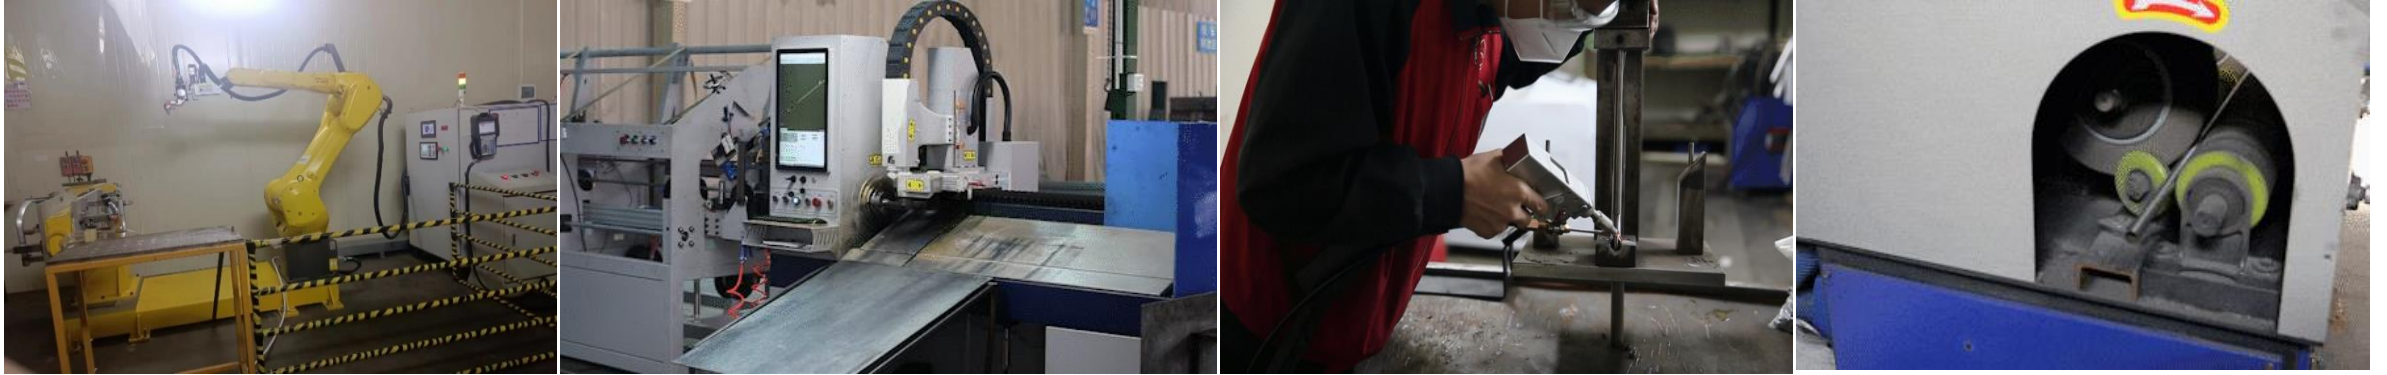

Injection Workshop

- more than 60 injection molding and blow molding machines from 68 to 1200 tons.
- equipped with robotic arms, nitrogen assist systems, in-mold monitoring, insert molding, inlet material cutout, ultrasonic, visual monitoring and other related supporting equipments.

2.2.4 One-Stop Solution - Production Support

Tube Processing Workshop

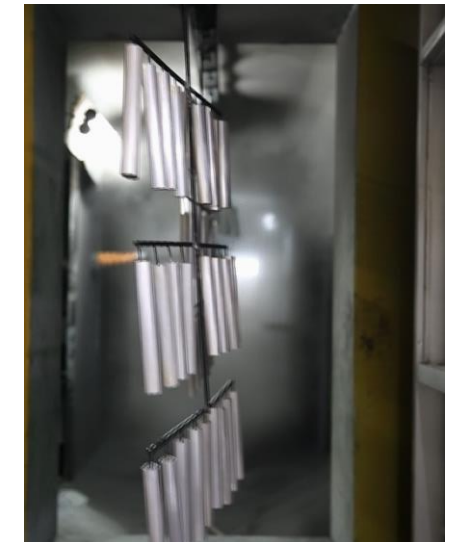

- 2D laser cutting machine
- 3D laser cutting machine
- CNC automatic tube bending machine
- Manual laser welding machine
- Automatic aluminum welding machine
- Automatic steel welding machine
- Aging furnace
- Automatic polishing & sand-blasting
- Others

2.2.4 One-Stop Solution - Production Support

Surface Treatment

- has various process production capabilities such as **anodizing, powder coating, screen printing, and oil painting.**
- Color matching can be carried out according to customer requirement.
- The entire process has obtained the environmental assessment report and acceptance **from the government.**
